EDUCATION

Arizona State University, Tempe, AZ

August 2023 – May 2026

Master of Architecture | CGPA: 3.42

B.K.P.S College of Architecture, Pune/Savitri Bai Phule University (Pune University), India

July 2013 – October 2019

Secured a Bachelor of Architecture

PROFESSIONAL EXPERIENCE

Arizona State University

Teaching Assistant

February 2026 – May 2026

- TA for DSC 101 Design Awareness (Supervisor: Samantha Perkins), facilitating discussions and supporting studio-style learning activities.
- Graded assignments using rubrics and provided written feedback focused on argument clarity, composition, and iterative improvements.

Grader

September 2024 – May 2025

- Graded and reviewed assignments for three architecture courses:
 - ARC 541: Advanced Representation (Graduate Studio) under Prof. Scott Murff
 - Architecture 101: Architecture of Architecture under Prof. Elena Rocchi
 - ARC 432: Architectural History under Prof. Zoe Cope
- Evaluated architectural drawings, essays, and conceptual work with a focus on clarity, visual logic, and historical accuracy
- Provided constructive written feedback and maintained grading consistency in line with academic rubrics
- Supported faculty in upholding academic standards and managing studio/theory coursework logistics

Vilas Avachat and Associates, Mumbai, India

March 2022 – July 2023

Junior Architect

- Led the completion of an industrial project in Uttarakhand from centerline to execution, producing construction drawings and elevation details using AutoCAD and SketchUp
- Designed a steel and RCC factory in Gujarat from concept through construction documentation, coordinating closely with on-site consultants
- Developed construction and sale plans for multiple high-rise residential buildings in Dadar, updating layouts to meet revised FSI requirements and producing electrical, furniture, and area plans
- Created detailed 3D models and renderings for residential and commercial buildings using SketchUp and V-Ray

Prism Architects and Interior Designers, Mumbai, India

September 2021 – November 2021

Junior Architect

- Produced and revised construction drawings for high-rise buildings with rehabilitation design mandates
- Modeled building layouts in SketchUp to assist in spatial visualization and accurate drawing production
- Designed furniture layouts in AutoCAD to convert rehabilitation units into saleable layouts

Raj Furnishers, Pune, India

February 2021 – March 2021

Junior Architect

- Produced finishing drawings including electrical plans, detailed furniture drawings, and layouts
- Designed a client bedroom in modern French style with custom all-white furniture
- Created 3D bungalow renderings using SketchUp and V-Ray for client presentations
